Fair Lawn All-Sports presents Middle School Volleyball Clinic. We have designed this clinic for your child to teach them the most recent techniques used in volleyball. Our goal is to make each child a successful player whether they are a first time or experienced player. We will teach them individual skills, and then link them together through small side games. Each child should improve with this training method. The clinic features regulation volleyball courts which enable us to place each child on the court that corresponds with their ability level. Our mission statement is for your child to improve their skills and have a great experience with the game of volleyball. We handle every session with the same thoroughness with which we handle our own practices. Clinic Directors Pete Zisa (Fair Lawn Head Boys & Girls Volleyball Coach) and Matt Kingsley (Glen Rock Head Girls Volleyball Coach) have over 40 years of high school and club coaching experience with boys & girls. For additional information, contact the Fair Lawn Recreation Department at (201) 796-6746.
